Gladiolus .

FOR YOUR

1949 GARDEN

Quality Gladiolus Gardens proudly presents this list of selected gladiolus varieties. Please look it over and note the wide range of types, sizes, and colors. Here are 75 time-tested varieties from which to make your selection. You will notice that our prices are reasonable, but not "cut-rate." Our bulbs are healthy, hand-graded, and selected. Satisfaction is assured when you purchase your bulbs from Quality Gladiolus Gardens.

ALL BULBS TREATED . . . READY TO PLANT

Bulbs ordered from this list come to you already treated with a combination fungicide-insecticide. We save you the muss, fuss, time, and money of dipping or soaking bulbs in a disinfectant before planting. When spring comes, all you have to do is open the furrow and plant.

ORDERS and PRICES

Bulbs of the higher-priced varieties are listed per each, while the lower-priced ones are listed per 3. When the price is listed per 3, that is the least number of bulbs of that variety and size we will sell; in other words, when ordering, please do not split quantities as listed. If you wish more than 10 bulbs of any one variety and size, you can have 100 bulbs at the reduced rate of 8 times the 10 price, and 25 or more at the 100 rate.

All shipments are prepaid by us. Unless you specify, we will use our judgment as to method of shipment, either express or parcel post.

BULB SIZES

Our list offers three sizes of bulbs as follows:

Large, 1¼" diameter and up.

Medium, ¾" to 1¼"

Small, ⅜" to ¾"

The large and medium sizes produce the best flowers. The small size bulbs usually produce later and smaller spikes; however, they produce large bulbs the first year, which are ideal for flower production the following year.

TERMS

No orders for less than \$3.00, please; we must make this request because of the present high cost of labor in preparing and packing orders for shipment. Please remit in full with order.

DATE OF SHIPMENT

When you order, please give approximate date you wish to receive your bulbs. Otherwise, we will ship to you early in the spring before planting time.
